

TL-DC3G-50WN

Coaxial DC-3G Termination loads

Specifications

Features:

Optimized for Wireless OEM and Test Applications. Designed to meet environmental requirements of MIL-D-39030 Quality injection Molded Connector.

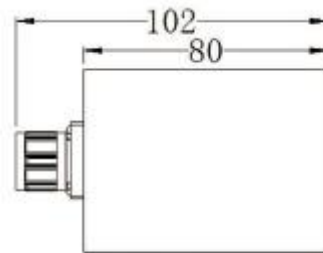

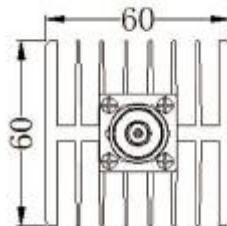

Test Data: SWR Testing performed across the frequency band.

Connector: Type N connector per MIL-STD-348 interface

Dimensions-mate with MIL-C-39012 Connector

Instruction: Black, fined aluminum finish

Frequency	DC-3GHz
VSWR	$\leq 1.20:1$
Power	50w
Impedance	50 ohm
Connector	N-type
Temperature	-55~+125C
Humidity	5%-95%

Unit: mm
Dimension tolerance: ±2%
